Ogden, Utah 84401**

## Table of Contents

|   |    |
|---|----|
| Introduction .....                                    | 1  |
| Environmental Setting .....                           | 1  |
| Previous Research .....                               | 5  |
| 42Cb2178 .....  | 6  |
| Site Documentation .....                              | 7  |
| Test Excavations .....                                | 10 |
| Chipped Stone Artifacts .....                         | 12 |
| Debitage .....  | 13 |
| Chipped Stone Tools .....                             | 14 |
| Projectile Points .....                               | 15 |
| Groundstone Artifacts .....                           | 16 |
| Bone .....  | 17 |
| Discussion .....                                      | 18 |
| 42Cb2186 .....  | 20 |
| Site Documentation .....                              | 21 |
| Test Excavations .....                                | 22 |
| Chipped Stone Artifacts .....                         | 26 |
| Debitage .....  | 27 |
| Chipped Stone Tools .....                             | 28 |
| Projectile Points .....                               | 29 |
| Groundstone Artifacts .....                           | 30 |
| Discussion .....                                      | 31 |
| Interpretive Discussion (42Cb2178 and 42Cb2186) ..... | 33 |
| 42Cb2185 .....  | 34 |
| Future Data Recovery .....                            | 39 |
| References Cited .....                                | 41 |
| Appendix A .....                                      | 44 |

## List of Figures

|           |   |    |
|-----------|---|----|
| Figure 1  | Location of sites 42Cb2178, 42Cb2185 and 42Cb2186 | 2  |
| Figure 2  | Clafin Emerson Expedition at Willow Springs 1931  | 5  |
| Figure 3  | Site 42Cb2178 overview                            | 7  |
| Figure 4  | Site map of 42Cb2178                              | 8  |
| Figure 5  | Feature 3 test pit at 10 cm bpgs                  | 10 |
| Figure 6  | Feature 4 test pit at 0.95 cm bpgs                | 11 |
| Figure 7  | Feature 5 test pit at 20 cm bpgs                  | 12 |
| Figure 8  | Projectile points from 42Cb2178                   | 16 |
| Figure 9  | Groundstone tools from 42Cb2178                   | 17 |
| Figure 10 | Site overview of 42Cb2186                         | 20 |
| Figure 11 | Site map of 42Cb2186                              | 22 |
| Figure 12 | Feature 3 test pit at 10-20 cm bpgs               | 23 |
| Figure 13 | Feature 3 test pit at 30 cm bpgs                  | 24 |
| Figure 14 | Rock alignment at Feature 4 test area             | 25 |
| Figure 15 | Feature 4 test pit at 10 cm bpgs                  | 25 |
| Figure 16 | Feature 5 test pit at 20 cm bpgs                  | 26 |
| Figure 17 | Projectile pints from 42Cb2186                    | 30 |
| Figure 18 | Groundstone tools observed at 42Cb2186            | 31 |
| Figure 19 | Overview of site 42Cb2185                         | 35 |
| Figure 20 | View of Feature A (cabin) at 42Cb2185             | 35 |
| Figure 21 | View of recently graded access road at 42Cb2185   | 36 |
| Figure 22 | View of Feature F, now collapsed, at 42Cb2185     | 37 |
| Figure 23 | Recent bulldozer cut at 42Cb2185                  | 37 |

### List of Tables

|         |  |    |
|---------|--|----|
| Table 1 | Analysis of lithic debitage from 42Cb2178 .....  | 14 |
| Table 2 | Biface tools from 42Cb2178 .....                 | 15 |
| Table 3 | Projectile point analysis from 42Cb2178 .....    | 16 |
| Table 4 | Groundstone tools observed at 42Cb2178 .....     | 16 |
| Table 5 | Bone artifacts from 42Cb2178 .....               | 18 |
| Table 6 | Chipped-stone tools from 42Cb2186 .....          | 27 |
| Table 7 | Debitage from 42Cb2186 .....                     | 28 |
| Table 8 | Analysis of projectile pints from 42Cb2186 ..... | 29 |
| Table 9 | Groundstone tools observed at 42Cb2186 .....     | 30 |
